PROFILE

I'm a third-year student at the United African University of Tanzania (UAUT), passionate about web design and web development. I enjoy creating user-friendly, visually appealing, and functional websites that solve real-world problems. I am skilled in HTML, CSS, JavaScript, and PHP, dedicated to building and designing user-friendly and responsive Websites

WORK EXPERIENCE AND PROJECTS

MY PERSONAL PORTFOLIO

Web Designer and Developer

- A visually engaging and responsive portfolio website showcasing my expertise as a web designer and developer. It highlights my skills in creating modern, user-friendly websites, implementing clean and efficient code, and ensuring seamless user experiences.

WEB DEV

An eLearning Web App

- WebDev is an eLearning platform designed to teach web development, offering courses in HTML, CSS, and JavaScript. Users sign in to access learning materials, including videos, presentations, and PDFs. Consistency across all content and design elements is maintained to enhance brand identity and user experience.

COMMIT

Achieve your goals with Commit WebApp

- Commit is a web app helping users achieve academic goals through structured planning and progress tracking. It fosters a supportive community where users share commitments and stay motivated. The platform ensures seamless collaboration with mentors and peers while maintaining a consistent user experience across all features.
